EXPERIENCE

UI Designer

Koenig Cancer Foundation | Remote | 2021 - Present
Leading the website redesign in Wordpress. Improving the information architecture, branding, visual design. Working with designers, developers, and copywriters

UX/UI Designer

Autoimmune Registry | Remote | 2021 - Present
Designing the dashboard feature of website. Creating design components in accordance with brand. Working with executive director and developer

Registered Nurse

Various Companies | 2016 - Present
4+ yrs solving problems and providing people-centric care using empathy and active listening. Expert in prioritizing and juggling tasks in a fast-paced setting

PROJECTS

Retro Games | E-commerce app for gaming products

Created brand guidelines document and all aspects of branding: logo creation, iconography, typography, color palette, layout and grids

StreamBuff | Entertainment streaming mobile app

Designed for iOS and Android, following platform-specific guidelines. Designed with considerations for sound, haptic feedback, and mobile interactions

TerraCare | Sustainable waste management web app

Interviewed users, ideated designs from findings. Created personas, wireframes, and prototypes. Conducted usability testing, iterated designs based on feedback. Designed with considerations for responsive web

Busy Bee | Personal planner productivity mobile app

Completed competitive analysis, user flows/diagrams, wireframes, all aspects of visual design: style guides, visual hierarchy, color theory

MY MOTTO

Love what you do and inspire others

MOST PROUD OF

People-centric and pixel-perfect designs

Using empathy, collaboration, and the power of imagination to create delightful digital interfaces and experiences

Commitment to service and outreach

Volunteering with nonprofit charity orgs, advocating for the undocumented community and students with disabilities

Being a first-generation college graduate

Earning a full-ride scholarship to ease my immigrant parents' worries about costs, and being a featured speaker at graduation

ATTRIBUTES
